\(^1\) Presentation- Orientation of Members
3. **Out-of-cycle Undergraduate Curricular Changes**

The Chair invited Professor Gough to introduce the undergraduate courses submitted out-of-cycle. He explained that out-of-cycle courses were courses submitted for approval outside of the Calendar production timelines and were generally associated with courses being taught by newly hired faculty members.

Professor Mark Schmuckler, Vice-Dean, Undergraduate, reported that five new undergraduate courses were being proposed out of cycle to be taught in Winter 2017 from the Departments of: Anthropology, Management, and Psychology. Professor Schmuckler also reported that courses approved out-of-cycle were well promoted by the affected academic departments and that the courses were not impacted by low enrolment.

On motion duly made, seconded, and carried,

YOUR COMMITTEE APPROVED,

THAT the new courses submitted by UTSC undergraduate academic units, as described in the package dated September 6, 2016 and recommended by the Vice-Principal Academic and Dean, Professor William Gough, be approved effective immediately for the academic year 2016-17.

4. **Out-of-Cycle Graduate Curricular Change**

The Chair invited Professor Mary Silcox, Vice-Dean, Graduate, to present the graduate course submitted out-of-cycle. She reported that one graduate course (i.e. EES1137H Quantitative Applications for Data Analysis) was being presented out-of-cycle from the Department of Physical and Environmental Sciences (DPES) to be taught in Winter 2017. She remarked that the motivation for the development of the course was based on student interest.

In response to a question regarding course enrolment, Professor Silcox reported that the course would be open to all graduate students, not just those in the Graduate DPES.

On motion duly made, seconded, and carried,

YOUR COMMITTEE APPROVED,

THAT the new course submitted by the graduate Department of Physical and Environmental Sciences, as described in the package dated September 6, 2016 and recommended by the Vice-Principal Academic and Dean, Professor William Gough, be approved effective immediately for the academic year 2016-17.
5. **2015-16 Annual Report: Academic Appeals, UTSC**

The Chair invited Dr. Curtis Cole, Registrar & Assistant Dean, Enrolment Management, to present the 2015-16 Annual Report: Academic Appeals, UTSC, to the Committee.

Dr. Cole reported that the Subcommittee was the third body in the appeals process at the University. He highlighted the membership of the Subcommittee and the role it played in the appeals process. He also explained that the early resolution process at the previous stage, the Dean’s Advisory Committee (DAC), helped reduce the number of appeals heard by the Subcommittee. He reported that the Subcommittee heard two appeals between September 1, 2015 and August 31, 2016, which included:

- A request for late withdrawal from a course after the academic deadline; and
- A request for early return to studies from a 36 month suspension.

In response to a question regarding the number of petitions granted annually, Dr. Cole reported that approximately two-thirds were granted.

A member asked what the selection criteria were for membership on the DAC and UTSC Subcommittee on Academic Appeals. Dr. Cole reported that Academic Department Chairs identified and recommended teaching staff who would be strong members of these bodies, and that student members were selected from among interested and engaged students (i.e. those involved in student government and co-curricular activities).

6. **Assessors’ Reports**

The Chair invited Professor Gough to present his report. Professor Gough’s report included the following highlights:

- Through the consultation process, feedback was received on the 2017-18 Sessional Dates and concern was raised on the start date for the Fall 2017 semester (i.e. the Friday prior to Labour Day). Members of the teaching staff commented on low attendance rates on the Fall 2016 start date and asked the Registrar’s Office to explore options to revise the dates. The Registrar’s Office proposed shortening the exam period by one day, and if necessary, scheduling exams on one or two Sunday afternoons or evenings. As a result, the Fall 2017 semester would begin on the Tuesday after Labour Day;
- The development of the Pathway to Success program with Centennial College was nearing completion;

7. Discussion Topic: Your input required

The Chair invited Committee members to share their ideas and suggestions on potential discussion/strategic topics to be included on meeting agendas over the course of the governance year. The following ideas and suggestions were made:
