4. Reports of the Presidential Assessors

The Chair invited the Assessors to deliver their reports.

Mr. Andrew Arifuzzaman, Chief Administrative Officer, updated the Committee on the status of the Highland Hall construction project and presented photographs of the structure. He reported the project remained on schedule for occupancy in September 2018. Mr. Arifuzzaman also reported that the Business Board approved the execution of definitive agreements for the UTSC Student Residence project at its meeting on June 15th. On July 13th, the Request for Statements of Qualifications for the UTSC Student Residence closed. 9 bids were received and 3 were shortlisted. It was expected that one bidder would be awarded as the Design Build Team in January 2018.

In response to a question regarding the targeted occupancy date for the new student residence, Mr. Arifuzzaman reported that occupancy was planned for September 2020.

In response to a comment from a member regarding older residence stock on campus, Mr. Arifuzzaman explained that the new student residence would be primarily for first year students and that the older residence stock could be renovated and converted into graduate or faculty housing.

Professor William Gough, Vice-Principal, Academic and Dean, shared a report on 2017-18 decanal priorities and objectives, which included the following key points:

- UTSC appointed a new Indigenous Elder, Ms Wendy Phillips, and would be working with her and other units to recruit more Indigenous faculty and students. Recruitment and access to education efforts would also focus on the Black community, communities of colour, low-income and rural communities;
- The Dean’s Office was working closely with the academic department Chairs to identify ideas and funding prospects for work integrated learning/experiential learning opportunities;
- Efforts were being made to strengthen international partnerships and enhance student exchange opportunities, continue relationship building within the eastern GTA, and redefine the undergraduate experience from a pedagogical perspective (i.e. the use of curriculum mapping as a tool); and
The Dean’s Office planned to advance the action items arising from the UTSC Academic Plan.

In response to a question regarding curriculum mapping, Professor Gough explained that curriculum mapping was the process of plotting course learning outcomes throughout a program or programs of study.

Mr. Desmond Pouyat, Dean of Student Affairs, invited Ms Liza Arnason, Assistant Dean, Student Life, Community Outreach & International Experience, to provide an overview of orientation. Ms Arnason reported that Orientation at UTSC was a collaborative effort across units to ensure students were academically and socially prepared to pursue their studies. She emphasized that Orientation extended six week into the Fall term to ensure students received the supports they needed to succeed. Ms Arnason also reported that this September UTSC welcomed its largest first year class of 3534 students, of which 985 were international students. The Department of Student Life and the First Year Experience Programs offered a variety of programs and events to engage with first year students, and included: e-buddy program, International Student Centre barbeque, First Year mentorship, First Generation program, and welcome telephone calls and email newsletters.

A member asked what mode of communication was used to contact first year international students prior to their arrival at UTSC. Ms Arnason explained that the social media platform WeeChat was used to contact first year international students.

In response to a question regarding the First Generation program, Ms Arnason explained that the mentees attended academic and co-curricular programming led by upper year students to enhance their academic success. In follow-up, a member asked whether a similar program was offered to students from low-income households. Professor Gough explained that a formal program did not exist for low-income students, and fell under the broader topic of access to education.

5. Report of the Previous Meeting: Report 24—Wednesday, April 26, 2017

The report of the previous meeting was approved.

6. Business Arising from the Report of the Previous Meeting

There was no business arising from the report of the previous meeting.

7. Date of the Next Meeting—Monday, October 30, 2017 at 4:10 p.m.

The Chair reminded members that the next scheduled meeting of the Committee would be held on Monday, October 30, 2017 at 4:10 p.m.

8. Other Business
The Chair advised the Committee, particularly new members, that on February 7th and March 1st the Committee and UTSC Campus Council members commented on the need for improved student engagement strategies to increase voting in referendums due to a low voter turnout for the Fusion Radio referendum.

Mr. Pouyat indicated that a tri-campus campaign focused on involvement and participation in democratic processes and civic engagement was being developed by the Office of the Vice-Provost, Students, who was supportive of the initiative moving forward across the University. He remarked that he would report back to the Committee on the progress of the campaign over the course of the governance year.

The meeting adjourned at 6:10 p.m.
