1. Chair’s Remarks

The Chair welcomed members to the first meeting of the Campus Affairs Committee for the 2018-19 academic year. He introduced Professor Robert Gerlai, Vice-Chair of the Committee; Professor Ulrich Krull, Vice-President and Principal; and the Committee’s voting assessors, Professor Angela Lange, Acting Vice-Principal Academic and Dean, Ms Saher Fazilat, Chief Administrative Officer, and Mr. Mark Overton, Dean of Student Affairs. The Committee’s non-voting assessors were also introduced: Ms. Christine Capewell, Director of Business Services, Ms Andrea Carter, Assistant Dean, Student Wellness, Support & Success (not in attendance), Ms Stepanka Elias,
Director, Operations, Design & Construction, Facilities Management & Planning, and Mr. Dale Mullings, Assistant Dean, Students and International Initiatives.

2. Orientation

The Chair and Ms. Cindy Ferencz-Hammond, Director of Governance, UTM and Assistant Secretary of the Governing Council, presented 1 Orientation material to members, who were also directed to Orientation Resources available on the Office of the Campus Council website. The Chair explained that the Committee would oversee matters that directly relate to the quality of student and campus life. He also gave an overview of the difference between the role of governance and administration, and talked about the roles and responsibilities of members. At the invitation of the Chair, Ms. Saher Fazilat, Chief Administrative Officer, Professor Angela Lange, Acting Vice-Principal Academic and Dean, and Mr. Mark Overton, Dean of Student Affairs, provided overviews of their portfolios and their priorities for 2018-19.

3. Current Year Campus and Institutional Operating Budget

The Chair informed members that the presentation and discussion would support UTM’s annual budget preparations. He then invited Ms. Saher Fazilat, Chief Administrative Officer, to present 2. Ms. Fazilat informed members that the presentation would provide context for the 2018-19 budget, including funding sources, enrolment, University-wide costs, University Fund, divisional expenses, and opportunities and risks. The presentation included the following key points:

- The largest source of revenue at UTM was from student fees, which comprised 76% of total revenue. The majority of this value stemmed from tuition fees. International tuition revenue, as a percentage of total revenue, is projected to change from 14% in 2012-13 to 36% in 2022-23 (an increase of 22% over a decade);
- Enrolment had steadily increased by approximately 41% over the past ten years, with targets exceeded in 2018-19;
- UTM net revenue was $254 million;
- University-Wide Cost allocations totalled $44.7 million;
- UTM’s University Fund (UF) contribution totalled $33.2 million, created by a 10% deduction from gross revenues;
- Allocations of the UF were based on institutional priorities;
- Additional UF allocations across UofT totalled $22.5 million for 2018-19;
- As part of the 2018-19 budget process, UTM received $1 million in base UF funding for research support which was a major priority of the campus;
- UTM has also received funding from UF central programs set aside by the Provost for in-year allocations. The following is a list of funding received by UTM from these programs over the last two years:
  - $250k base for cities related support
  - $500k OTO for faculty start-up support
  - $230k OTO for experiential learning program support
  - 7 academic diversity positions (OTO for 3 years @ 50%)
  - 3 indigenous faculty positions (base @ 50%)
  - 7 undergrad innovation projects funded through LEAF (OTO)
- A balanced budget was projected;

1 A copy of the presentation is attached as Attachment A.
2 A copy of the presentation is attached as Attachment B.
Areas of budgetary risk included the uncertainty of Strategic Mandate Agreement (SMA) 3, pension solvency, enrolment constraints, and tuition fee framework. Areas of opportunity included the ability to leverage our location, international student enrolment, SMA2 emphasis on differentiation, and strategic use of operating reserves.

A member referenced UTM divisional expenses, and inquired about current mortgages held by the campus. Ms Christine Capewell, Director, Business Services, advised of mortgages for the following projects: the Sydney Smith Patio, the Hazel McCallion Academic Learning Centre, Deerfield Hall, the South Road and entrance, and a chiller that was replaced in 2007. She noted that the Terrence Donnelly Centre for Health Sciences had an active mortgage, expenses of which were paid by the donations received for the building. Lastly, Ms Capewell indicated that the North Building Phase B capital project required a mortgage.

Professor Krull referenced the budgetary opportunities and risks portion of the presentation, and further addressed concerns regarding the uncertainty of SMA3 under the new provincial government. He indicated that the University had operated on the basis that the SMA concept would continue, and had positioned itself to meet provincially-defined metrics.

In response to a member’s question, Professor Krull discussed plans for graduate programs, and detailed plans to increase graduate student enrolment over the next five years. He discussed international opportunities for graduate students, the complexities involved in international relations, and global economic instability.

The Chair informed members that due to unforeseen circumstances, presenters for this item could not attend the present meeting and this presentation would be moved to Cycle 2.

5. Calendar of Business, 2018-19

The Chair referred members to the Calendar of Business, and advised that the document would be updated on the Office of the Campus Council website every Friday; he encouraged members to review the Calendar on a regular basis and consult with the Secretariat if they had any questions about forthcoming items.

6. Report of the Presidential Assessors

The Chair advised that additional reports from the Presidential Assessors would not be provided at this meeting, but would resume at the next meeting.
